The Feis Clarisa nine light multi tier chandelier in firenze gold is the perfect way to achieve your desired fashion or functional needs in your home. The Clarisa lighting collection is the perfect marriage of masculine and feminine influences. The rich Firenze Gold finish and the Burnt Copper shades create a tailored look, which is then softened with the strands of spherical, plated glass beads finished in an iridescent smoke finish which are draped above each arm and dropped from the center of each light fixture for a finishing touch.
